

# Math Lab

## PRODUCT CATALOGUE

Scholarsmerit Online Pvt. Ltd.  
Maths lab for Classes 1 to 12.

► <https://scholarsmerit.com>

## What's Maths Lab..?

### INDRODUCTION

Scholarsmerit math lab is designed to support students conduct experiments and increasing their curiosity. The lab experiments can be integrated with current curriculum. Given the requirement for schools to have a separate mathematics lab, Scholarsmerit offers around 200 items for schools to develop a state-of-the-art mathematics lab. The Scholarsmerit math lab is designed to help teachers, motivate children and help them understand the versatility of the subject. With lab, students can experience, observe and practice concepts of subjects easily and teachers can conduct lab sessions.

### Advantage of Maths Lab:

**Math laboratories can aid in the learning of the subject in the following ways:**

- It allows students to understand and internalize basic mathematical concepts through concrete objects and situations.
- Students can use models and paper folding techniques to verify or discover several geometric properties and facts.
- Students gain interest and confidence in learning the subject.
- The laboratory provides an opportunity to demonstrate the relevance of mathematical concepts to everyday life.
- Become an independent learner and participate more actively in the learning process.
- Using the laboratory allows students to engage in more active thinking, discuss the material with their classmates, and assimilate the information better.
- It enables the teacher to demonstrate, explain, and reinforce abstract mathematical ideas through concrete objects, models, charts, graphs, and pictures.

### About Math Lab

Scholarsmerit is a company that was established in 2020 under the expert guidance of Ex-Dean of the National Council of Educational Research and Training (NCERT) and other mathematicians. Our company was founded on the premise of improving students' ability to grasp, apply and retain concepts in their long-term memory.

### Our Business Partners

## Infrastructure & items for Math lab:

### Maths LAB

Scholarsmerit manufactures around 200 items for establishing a state-of-the art mathematical lab within schools. These items adhere to the suggested hands-on activities in mathematics for Class 1 to Class 12 as per document 'Mathematics Laboratory in schools – towards joyful learning' and 'Essential Standard Operating Procedure (SOP) Required for Affiliation' published by Central Board of Secondary Education (CBSE).

Scholarsmerit maths lab items are made of a variety of materials such as acrylic, wood, rubber, etc. maths professionals will provide orientation to teachers and students on how to use each item and also provide continued support.

### Primary Maths Lab

No.	Code	Category	No.	Code	Category
1	MLBB221	Add and Count Rods	16	MLBG004	Magnetic Numbers with Tin plate

15	MLBB238	Kitchen Balance	30	MLBB205	Student Abacus
			31	MLBT001	Subtraction with Beads
			32	MLBG020	Tessellation Kit
			33	MLBB230	Time Teaching Stamps
			34	MLBT003	Tower of Numbers
			35	MLBP011	Unit Cubes
			36	MLBP017#	Wooden Scale (One Meter)

#No Picture

**MLBB221**

Add and Count Rods

A wooden frame containing several vertical rods of different colors (red, yellow, green, blue, black) and lengths, used for addition and subtraction.

**MLBG002**

Arithmetic Chart Set of 7

A set of seven colorful charts illustrating basic arithmetic operations: Addition, Subtraction, Multiplication, and Division.

**MLBG001**

Beads in String (500)

A collection of 500 small, colorful beads (blue, yellow, orange, white, green) arranged in small containers.

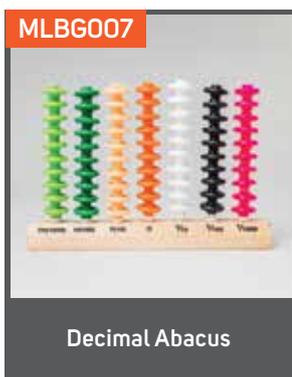

**MLBB203**

Counting Abacus

A wooden abacus with a horizontal bar and several vertical rods, used for counting and arithmetic.

**MLBG007**

Decimal Abacus

A wooden abacus with several vertical rods, used for decimal arithmetic.

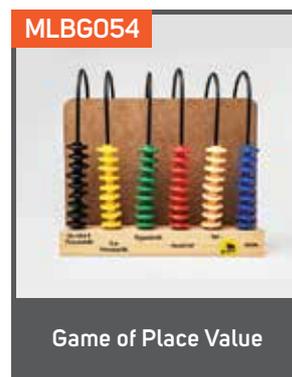

**MLBB224**

Flash Cards

A set of colorful flash cards with mathematical symbols and numbers, used for learning basic arithmetic.

**MLBG054**

Game of Place Value

A wooden board game with several vertical rods and beads, used for learning place value.

**MLBP007**

Tangram

A set of seven colorful geometric shapes (squares, triangles, and a parallelogram) used for creating various patterns and figures.

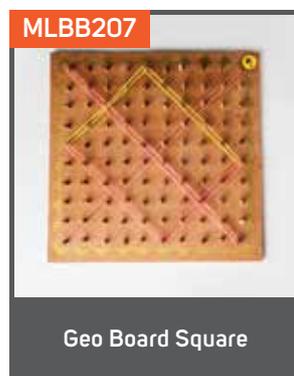

**MLBG052**

Geared Teacher Clock

A large, colorful clock with gears, used for teaching time.

**MLBB207**

Geo Board Square

A wooden board with a grid of holes and a square shape formed by connecting the holes, used for geometry.

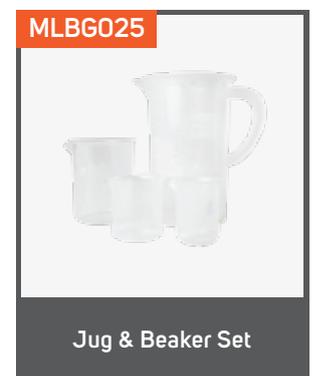

**MLBB225**

Geometrical Shapes

A set of colorful geometric shapes (square, circle, triangle, pentagon, hexagon, octagon) used for learning geometry.

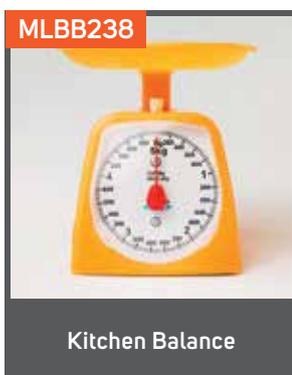

**MLBG025**

Jug & Beaker Set

A set of clear plastic measuring vessels, including a jug and two beakers, used for measuring volume.

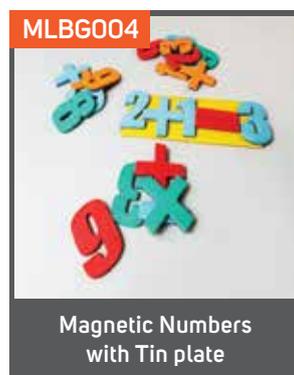

**MLBB238**

Kitchen Balance

A yellow kitchen scale with a weighing pan and a dial, used for measuring mass.

**MLBG004**

Magnetic Numbers with Tin plate

A set of colorful magnetic numbers (0-9) and a tin plate, used for learning numbers.

**MLBG040**

Measuring Tape

A white measuring tape with a yellow dial, used for measuring length.

**MLBG043**

Metric Wheel (50cm)

A circular metric wheel with a black handle, used for measuring length.

**MLBG003**

Number Mat

**MLBG019**

Numerical Balance

**MLBB234**

Set of Volumetric Cups

**MLBB228**

Shapes (Mould)

**MLBG040**

Skip Counting

**MLBP015**

Stencil

**MLBB205**

Student Abacus (Wooden)

**MLBT001**

Subtraction with Beads

**MLBG020**

Tessellation Kit

**MLBB230**

Time Teaching Stamp

**MLBT003**

Tower of Numbers

**MLBP011**

Unit Cubes

**MLBT075**

Addition of Fractions

**MLBT013**

Addition of negative and Positive Numbers

**MLBT072**

Circle Concept Kit

**MLBB217**

Circle Fraction Disk (Wood)

## Upper Primary Maths Lab

No.	Code	Category	No.	Code	Category
1	MLBT075	Addition of Fractions	30	MLBG040	Measuring Tape (15 Meter)
2	MLBT013	Addition of Negative and Positive Numbers	31	MLBB241#	Meter Scale Steel
3	MLBT049#	Associative Property	32	MLBT077	Multiplication of Fraction
4	MLBT046#	Closure Property	33	MLBT074#	Number Puzzle
5	MLBT072	Circle Concept Kit	34	MLBT044	Percentage Kit
6	MLBB217	Circle Fraction Disk	35	MLBP012#	Physical Balance
7	MLBT047#	Commutative Property	36	MLBT056	Prime Numbers & Composite Numbers
8	MLBB215	Cylinder Parts	37	MLBT008	Ratio and Percentage
9	MLBT037#	Decimal Numbers	38	MLBB280	Ratio of Area of Similar Triangles
10	MLBT048#	Distributive Property	39	MLBB234	Set of Volumetric Cups (Plastic)
11	MLBT007	Divisibility Rules	40	MLBG048	Standard Time indicator
12	MLBT078	Division of Fractions	41	MLBP015	Stencil
13	MLBT054	Easy Method to find HCF	42	MLBT076#	Subtraction of Fraction
14	MLBT053	Easy Method to find LCM	43	MLBG020	Tessellation Kit
15	MLBT055#	Easy Multiplication	44	MLBG049	Thermometer
16	MLBT004	Exponents and Powers	45	MLBG038	Upper Primary Chart Set of 15
17	MLBT080#	Fraction Concept Instruments			1. Number system
18	MLBB218	Fraction of Circle			2. Algebra
19	MLBB219	Fraction of Square			3. Rational Numbers (Properties, Addition and Subtraction)
20	MLBB220	Fraction of Triangle			4. Rational Numbers (Properties, Multiplication and division)
21	MLBT012#	Fraction Tiles			5. Different Lines and Points
22	MLBP 007-010	Games and Puzzles (Tangram, Sudoku, Tambola, Integer board)			6. Different types of Angles
23	MLBB207	Geo Board Square			7. Pair of angles corresponding, linear and alternate
24	MLBB211A	Geometrical Solids (Small)			8. Different Triangles, Pythagoras Theorem
25	MLBB210	Geometry Box			9. Quadrilateral (Properties and Types)
26	MLBG014	Geometry Kit			10. Circle: Basics
27	MLBG018	Integer Number Line Bar			11. Congruent Triangles Theorems
28	MLBB284	Identity Set - 3			12. Properties of a Circle
		1. Angle Property of cyclic Quadrilateral			13. Mensuration 1 - Area, Perimeter
		2. Angle Sum property of Quadrilateral			14. Mensuration 2 - Total Surface Area, Volume
		3. Angle Sum Property of Triangle	46	MLAB013#	Upper Primary Kit
		4. Exterior Angle of Regular Polygon	47	MLBP011	Unit cubes
29	MLBT011a	Linear Equations (One variable)			

**MLBB215**

Cylinder Parts

**MLBT007**

Divisibility Rules

**MLBT078**

Division of Fractions

**MLBT054**

Easy Method to find HCF

**MLBT053**

Easy Method to find LCM

**MLBT004**

Exponents and Powers

**MLBB218**

Fraction of a Circle

**MLBB219**

Fraction of a Square

**MLBB220**

Fraction of a Triangle

**MLBP009**

Tambola

**MLBB211A**

Geometrical Solids

**MLBB210**

Geometry Box

**MLBG014**

Geometry Kit

**MLBG018**

Integer Number Line Bar

**MLBB284**

Identity Set 3

**MLBT011a**

Linear Equation (One Variable)

## PORTABLE MATHS LAB FOR PRIMARY AND SECONDARY CLASSES

### What is included in our portable lab?

DEMO VIDEOS

LAB MODELS

BOARDS

3D SHAPES

WALLCHART

DEMO NOTE

### Special features:

- Perform over 200 experiments.
- Compactly designed to be installed in any classroom - only require 5 sq. ft of space.
- Walk-through video available.
- Easy to implement and quick turnaround time.
- One-stop solution with a single source of procurement.

Portable lab can be taken to each classroom

**MLBT077**

Multiplication of Fraction

**MLBT044**

Percentage Kit

**MLBT056**

Prime Number and Composite Number

**MLBT008**

Ratio and Percentage

**MLBB280**

Ratio of Area of Similar Triangles

**MLBG048**

Standard Time Indicator

**MLBG049**

Thermometer

**MLBG038**

Upper Primary Chart

**MLBG011**

Algebra Tiles Magnetic

**MLBT079**

Area of Circle

**MLBT015**

Arithmetic Mean

**MLBT051**

Basic Proportionality Theorem (BPT)

**MLBT041**

Centroid of a Triangle

**MLBG032**

Clinometer

**MLBG214**

Conic Section

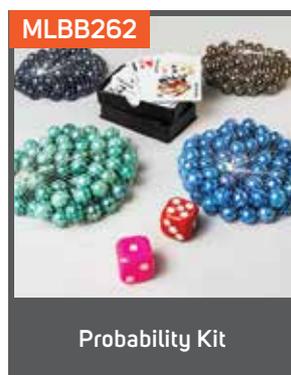

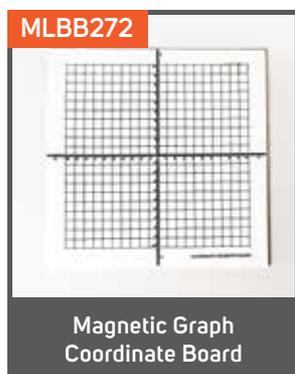

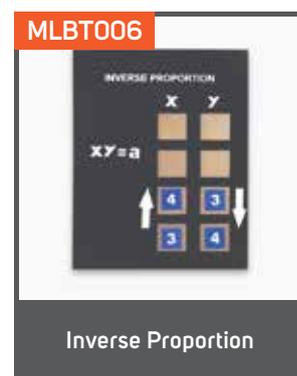

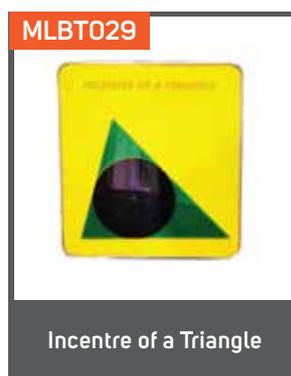

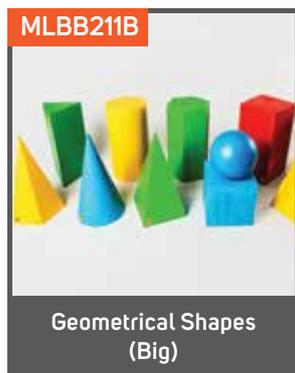

**MLBT005**

Direct Proportion

## Secondary Maths Lab

No.	Code	Category	No.	Code	Category
1	MLBG011	Algebra Tiles Magnetic	22	MLBT006	Inverse Proportion
